Thread: [Decrypting .aes file with password](#)

PoLoW - January 6, 2015, 11:17 am

Hello ,

i am trying to extract this file which has a Office WORD file , It's encrypted with AES .

The password consist of a combination of 18 characters\Numbers\symbols

Any help\tips are appreciated .

File can be found here : <https://www.dropbox.com/s/a3jg08avy1uu94d/se.aes?dl=1>

You want to crack an 18 character(seemingly full keyspace) password for an .aes file? Good luck. That is a very very large number of possibilities and cracking files like this is not a simple task by any means.

Well , at least i tried last night to manually Brute force the password but no luck .

thanks mate

This can require up to 10 years to crack a 18 chars passwords. even its encrypted with AES wich is one of the most strong encryption routine.

math does the rest:

254^{18} combinations of passwords... a number followed by 44 zero.. not bad
good luck
