Danny Phantom - January 7, 2015, 9:29 pm

I am lowering the price now to \$5 just ignore what the picture saids :D

Vouches

(Jan 8, 2015 08:56 AM)?? ? ??? Wrote: [\[CITE\]](#) I received the second vouch copy of this eBook. I am not affiliated with Danny Phantom in any way and the following review is completely honest.

The grammar and spelling is excellent; I spotted no mistakes.

The layout is nothing special. There's a header image and text; it looks okay.

The methods themselves are very good, with explanations detailed enough to carry out each one successfully.

The OP has certainly done their research properly.

For a price of \$10, this is pretty good value.

(Jan 8, 2015 03:54 PM)Go?at Wrote: [\[CITE\]](#) Vouch for Danny Phantom.

He is selling a legitimate product.

(Jan 8, 2015 04:51 PM)JuiceProductions Wrote: [\[CITE\]](#) So i pm's op asking for a vouch copy and he was cool enough to give me one so.

Obviously there's no grammar mistakes and i doubt any of you give a fuck.

He goes to explain 10 methods, 6 of which i knew about. He did add a twist however so you can say it'd be a new method.

Most of the sites i've never heard of which is fucking good.

Although it's somewhat basic knowledge on how to lure them and it'd be alright for a beginner but i think you're paying for the time op spent on the method as well as the sites.

OVERALL.

Purchase it if you got money to spare or you wanna get emo girls.

Who doesn't want emo girls amiright?

8/10

Layout: 7/10

Simple and clean layout! Nothing Special.

Grammar: 10/10

I not found any grammar mistake :)

Originality: 7/10

Although these methods are known by some, most of you won't even know a single thing he's talking about. It's truly original.

Overall: 8/10

I highly recommend this eBook to everybody looking to get slaves easily and efficiently.
