Thread: [Remove the 'Requests for Hacking' section / make it a L33T and UB3R section.](#)

Programming - January 9, 2015, 10:59 am

This section: <https://hackforums.net/forumdisplay.php?fid=48>

Be real, when was the last time you saw someone offer help and hack a Facebook account or website for free for a user with 3 posts?

That entire section has cancer, all it is: (actual thread names)

"Facebook Hack - 2 Separate Accounts"

"FB account needs to be hacked."

"Hack them for me plzz o.o"

"Facebook, or iphone, hack - truth behind a betrayal"

"Looking for DDos"

No one there even puts in effort to do things themselves and just expects people to do these things for free. It'd make that 'Beginner Hacking' section a bit more active with people themselves actually trying to learn. It'd be nice if it was either removed or made only L33T and UB3Rs may post there.

TechApp - January 9, 2015, 11:06 am

It's not entirely useless. Yeah all the posts there are useless, but it does help keep the beginner hacking section clear of most requests for hacks. So I don't feel it should be removed, may not seem like it helps but I'm sure as soon as it's removed every new 12 year old wannabe hacker that joins will start flooding beginner hacking with requests.

Pred?tor - January 9, 2015, 11:06 am

I think it should stay because the posts will continue in some other section like the lounge or beginner hacking.

It still has a purpose :)

IpSiety - January 9, 2015, 11:13 am

The section itself is a little bit ridiculous. Instead of asking someone to hack a facebook, perhaps requests should be limited to

"Please teach me how to hack a facebook or give me a guide"

Asking someone else to hack something for you constantly, just makes you reliant.

"Give a man a fish and you feed him for a day, teach a man to fish and you feed him for a lifetime"

?ord Frieza - January 9, 2015, 11:15 am

I had quite a bit of people help me in that section.

I wouldn't want to help someone with 2 posts.

You have a point there.

Maybe the section should be for L33T/Ub3r only.

DOSH - January 9, 2015, 11:41 am

Yup 100% agree with you that section gets filled with lq threads daily.

Please take the time to use the [Search Function](#)

This suggestion has been posted multiple times, including this thread [Remove 'Requests For Hacking' Section Or Move It To The Upgraded Area](#) by [9ine](#) and this thread [Make the Request for Hacking Section L33t/Ub3r or Close it.](#) by [Analog-](#)

It has been denied many times.

If the section was removed or restricted, it would just cause all the LQ threads to be posted elsewhere.

NigerianKing - January 9, 2015, 6:27 pm

I don't agree. Their many users who are HQ that aren't upgraded. Quite pointless imo.

Patrick Jane - January 10, 2015, 12:08 am

I agree with you, Programming! I only see leechers over there.

Autocorrect - January 10, 2015, 12:54 am

Stupid idea. It's a dumping ground for the noobs and it should always be that way.
Elsewhere there is no place for free hacking requests, is there? I highly doubt it'll be removed.

Exxxacctlly.

Obimoto - January 10, 2015, 12:58 am

If anything, make the same damn thing in a different place for l33ts and ub3rs...

Please don't fill the beginner section with anymore bullshit...

There's already quite enough...

It's indeed fucking useless, Only reason it's there because it's attracts new people, i guess.
Atleast make it 250+ posts and postive rep only, or so.

It isn't useless. It's there for a legitimate reason and Omniscient has even said that there'll be no changes there.

As many, many people have mentioned above, it's where the new members go along with Beginner Hacking.

Changing it would bring chaos to the rest of the site. ?

Changing it would bring chaos to the rest of the site. ?This. The requests would be spread across the entire forum and the lounge specifically would be flooded. Better to have them all in one place, whether they get their request fulfilled or not is irrelevant.

Scymo - January 10, 2015, 8:59 am

Can we make like that of PM privileges, where you need a certain number of posts before you can make a thread there?

Unturned - January 10, 2015, 8:59 am

I don't agree with you. Any new user who obviously noob to hacking so they look for free h4x.

Shockley - January 11, 2015, 7:32 pm

Nah, it's fine. So what if people go their with high priorities expecting to have a program that ejects Facebook passwords? Let them learn. I really dislike this idea, don't want to see those n00bs take to the Lounge.

Viral Dragon - January 11, 2015, 9:32 pm

Sorry, it's been requested over the recent years, but it still hasn't happened nor will it happen. ._.
