Chips Ahoy McCoy - January 10, 2015, 1:54 am

Personally I enjoy really uplifting/happy ones. Just to show you guys a few,

I could name off quite a bit more but those are the ones that stick out to me the most. I know some people like darker openings like Tokyo Ghoul's op, Psycho-Pass's op, etc. Let me know which ones you guys prefer. I'm kinda curious.

(Added Death Parade op cause it's just to gr8.)

Vandie - January 10, 2015, 4:46 am

well I'm not really sure why I like these but here are some the ones I've got downloaded onto my phone.

[Video: <https://www.youtube.com/watch?v=DjUtmbZt8zc>]

I can still listen to this one for ages.

I can only do one video per post...

I'll have to wait for some others to be posted.

I enjoy the GC opening as well. It sounds nice.

Sakurasou's OP<3

But I like anything really, but here's my favorite.

[Video: <https://www.youtube.com/watch?v=f2fDcXKCx0o>]

A close second would be Mirai Nikki's op or Tokyo Ghoul's.

So my second submission to this list is The first opening from blue exorcist. I think the main reason I like it is the saxophone bit near the beginning besides that i have no idea...

Ang?I - January 10, 2015, 9:26 am

Anything done by ClariS, Supercell, LiSa, Eir Aoi, or Luna Haruka I find really enjoyable.

Oh and Death Parade's new op is amazing.

VYKTOR - January 10, 2015, 9:31 am

Wolf Girl & Balck Prince's both OST & ED are amazing.

Agree with you about LiSa and Death Parade's OP.

As long as it's not something like Shingeki no Bahamut's OP, I'm fine with anything.

For people who wanna hear this really gay OP:

Well because they aren't of course. Why would you think that tho?

There seems to be a misunderstanding. You just listed a group of shounen shows and follow it with "basically, most shoujo anime"

You can't do that.

I really liked this one as well. Not really because I found it uplifting, but because I was just super excited for the next episode to come out. Hearing LiSA for the first half of the season was amazing.

Leminiscent - January 12, 2015, 6:30 pm

I like the two extremes. Either super chill or bangy as fuck.

neightworks - January 12, 2015, 6:35 pm

None i skip them all except an elite few like twogk because the breakdown is beautiful.

QuickMan - January 12, 2015, 7:45 pm

Something that would hype me up such as Bleach, Naruto Shippuden and also i prefer dark ones also like from Tokyo Ghoul.

Yoshikage Kira - January 13, 2015, 8:37 am

I like Tokyo Ghoul, OP, Naruto, Death Note, Requiem For The Phantom, etc.

Assassins Creed - January 13, 2015, 8:41 am

The latest One Piece opening is pretty uplifting :D

The Hunter x Hunter OPs were pretty good as well. And I remember that I really enjoyed Death Note openings when I saw it.

I usually jump OPs though, unless they are very very good. Can't remember if I jumped Higurashi though, I literally loved every single thing about that anime!

Ohh, Hunter x Hunter, that one is an anime I can't forget. Loved it :D

I feel like One Piece is getting too childish though, I feel like they ruined it for the fans ><

The one thing I miss about OP is the comedy, and the decent pacing. They should just do a filler saga, and then get back with some decent pacing.

My favorites with video links this time:

Elfen Lied:

[Video: <https://www.youtube.com/watch?v=b0t4QSK5JYQ>]

Wolf girl & Black Prince

[Video: <https://www.youtube.com/watch?v=Xi5uMfNzIx4>]

Re:Hamatora the Animation

[Video: <https://www.youtube.com/watch?v=Ku8oss1pwiA>]

& then this from Nisemonogatari

[Video: <https://www.youtube.com/watch?v=RQ0ymYGQNa8>]

This one's from Phantom: Requiem for the phantom & is a total killer.

Gives a hunk sort of vibe & suits the song when it is played.

Chips Ahoy McCoy - January 13, 2015, 5:49 pm

All of those look really nice. Especially Hamatora. I like that one.

Kontrol - January 13, 2015, 5:58 pm
