I'd quit one job and was living off the money I saved before I got another job.

so I had no societal obligations for a solid 4 months.

in that time I binged on a few anime series, but inuyasha was the longest.
I couldn't do bleach.. I got to like 60 and was tired of it :x

Tedeschi - January 11, 2015, 7:51 am

I had completed around 90 episodes of Hunter x Hunter within just 3 days watching every episode to it's entirety.

TreeWeep - January 11, 2015, 7:54 am

Probably around 15 hours :) Watched Afro Samuari :D

I was a hikikomori back then, I don't regret it but I'm not doing that again.

Nine - January 11, 2015, 10:13 am

Watched like all of DBZ in like 3-4 days during the summer. That has to be my longest.

VYKTOR - January 11, 2015, 11:19 am

My longest would be watching half of Mirai nikki & complete Code Geass at one stretch.
After doing that, I slept like a baby but it was quite nice doing that.
Also I am not much into long series so i don't marathon for long.

Kontrol - January 11, 2015, 12:49 pm

attack on titan / rosario and vampire / irregular at magic highschool watched all of them from literally waking up - bed time.

Tyranny - January 11, 2015, 2:53 pm

My longest hardcore marathon would be around 30-40 episodes a day for like three weeks when I was going through all of the Gundam stuff. Some time away from the sun is good for us on occasion.

Jeff Winger - January 13, 2015, 4:02 am

I would just take like a washroom break and bring food to my room so I could continue watching.

Junkie™ - January 13, 2015, 4:26 am

I probably spend most of my day on anime + hf + lf + coding :P.

Assassins Creed - January 13, 2015, 8:46 am

My longest binge has got to be One Piece which I saw from around 08:30 am till 2 or 4 am during the Skypea arc.

Other than that probably Higurashi, started watching it and finished it in one sitting. When I finished it, after I calmed down my emotions and all that, I looked at the clock and noticed it was time to get up for classes.
