Synopsis: Spoiler [\(Click to View\)](#)Written by Akamitsu Awamura, the series takes place in a private high school involving the concept of "saviors." They are known as people who possess awakened memories of their past lives. The story tells of a young boy named Moroha Haimura who comes to this private school.

At the school, there are two types of people: Savivors, who fight enemies with weapons and techniques gleaned from the Puraana powers from their own bodies, and Kuroma, who wipe out enemies with magic to manipulate the Maana powers that surpass physics. Moroha Haimura is the first person with past lives of both Shirogane and Kuroma.

So what do you think of this anime? Currently the anime has only 1 episode out as of now.

Nine - January 11, 2015, 2:02 pm

Wasn't so fond of the first episode. Not expecting anything good of this anime.

Kontrol - January 11, 2015, 2:19 pm

I really didn't

Just to be safe I even searched the first two words and bam

Nothing still shows up, even after I posted my thread... Try it out D=

Lyralei - January 11, 2015, 4:42 pm

I'm getting tired of stories like this. Random "saviors" out of nowhere in a single high school. I'd still check it out though- who knows what will happen.

Guessing this will be a little similar to the manga Mx0.

Manny - January 11, 2015, 4:44 pm

Lol well. I think it'll be a great show. Well to me that is.

neightworks - January 11, 2015, 6:47 pm

First episode was absolutely terrible, generic shit, incest and all.

Can't wait to watch.

Doesn't have incest as the girl who says "onii-sama" was just his sister in her past life. Now she doesn't have his blood flowing through her veins.

Butts even in that life they were kissy kissy? Doesn't make it any less weird, imagine if your sister was reincarnated and you kissed her..

But yolo I'm down for anything that's lovey dovey in the slightest.

Kontrol - January 11, 2015, 7:49 pm

You know they call incest wincest for a reason ;)

Kiyoshi - January 12, 2015, 2:37 am

I'm probably gonna sit down later today and watch it.

Well, if it's good or not won't bother me - it's another anime to add to my to-watch list this year. Not complaining :)

Lol finally, you have a smart head on your shoulders Jonathon.

It wasn't the worst, Given i haven't read the manga i can't judge so much on it, I just feel like they should of explained the whole past lives thing er the whole savoir thing or even how it connects to have abilities. Still watchable that is. But the whole instant personality change from what her face at the being really threw me off.

I agree with you I was a bit confused at the start, I got the whole thing that they're reborn remembering their past lives but Spoiler [\(Click to View\)](#) does the other girl that hangs out with them have any relationship to the main character, besides the pink haired girl?

Yes she does. If you read the manga you would know what she is to the MC.

Bringing this back up..

Has anybody even seen this? I know the chanting is quite annoying but it does have an awesome story to it.

Watched the first two episodes and its pretty cheesy but if you are a fan of the genre you will probably like this one too, decent animation and stuff.

zyvox - February 2, 2015, 9:05 am

Watched the first two eps of this iirc, kinda just stopped. Not that interesting tbh, might finish it once it's done airing.

I also feel like dropping it as of now. I mean I rather read the manga. Too bad it's only at chapter 1.. :|

neightworks - February 2, 2015, 1:00 pm

I'm actually really enjoying this, i think it's rather good compared to the other shit releasing this season.

Though the pink haired girl is a bit of a turn away.

Yeah ikr.. the bs "Nii-samaaa~!" also the chanting gives me a headache.

Kiyoshi - February 2, 2015, 2:41 pm

I mean.. I really do hate animes with poorly made fighting scenes. I get all cringey inside. But of course I'll keep on watching it - cause it's anime.
