Skooppy - January 12, 2015, 12:54 am

I want an account that won't get recovered and has at least these games, if not some, doesn't need all of them. Willing to pay PayPal, please no bans on the account.

DayZ
Arma 3 (with dlc better)
Arma 2 CO
Skyrim
CS:GO
Garry's Mod
Rust

If you have one with most of these games, please let me know! List your price or PM me :).
