Thread: [A fairly un-saturated method](#)

muppy - January 13, 2015, 9:45 am

Hey guys, I've got a method I'm willing to share with you all as I don't really e-whore anymore because it's sad and autistic (sorry not sorry)

So if you send me a PM regarding such method, I'll let you know.

Peace ?

E-Whoring isn't sad and autistic.

First of all, Autism isn't a fucking joke, cunt.

Second of all, being 40 and looking to 15 year old girls is fucking sad.
They deserve to have their money sapped.

Amen, that's why I do it, and I hope we all break them so they cant hurt a real girl.
