Thread: [\[No referral\]Willing to teach someone \[Did more then 1.5k per month\]](#)

Warren Buffett. - January 16, 2015, 1:41 pm

Well, I'm pretty bored these last days so anyone who wants a mentor just pm me. I will pick one of you guys.

And for the fuckers who think I don't do shit in CPA:

- <https://hackforums.net/showthread.php?tid=3837553> I used to do more then 1.5k per month and even sold an ebook

- <https://hackforums.net/showthread.php?tid=3762381> And 13 pages of people wanted me to train them back in the days when I was known and active in this part of the forum.

I will teach you how to setup a niche with no investments but you have to be motivated and show it in your PM.

Good luck gentlemen ?

No, you PM me and tell me why I should accept you.

There are 3 people I'm taking in consideration right now and also, every message with "hey man, can you mentor me?" are currently being ignored even if you have more then 1k rep, I won't train people who don't even bother writing a few sentences.
