Thread: [\[Xbox 360\] Day Zero + 2 Day XBL -->> ENDS in 1 Hour <<--](#)

Another One - January 17, 2015, 7:31 am

So, I bought advanced warfare for xbox 360.

Needless to say I was disappointed didn't even activate the day zero edition code.

So there will be two winners.

One will win the "Day Zero Digital Content Code,"

The other will win 2 Day Xbox Live Trial.

Honestly, I have no use for this. Simply tell me which one you want and I will pick via Random.org after my league game.

?

[Hector](#) won the 48 hour

[Japanese](#) won the Day Zero.

I would really like the code so I can play a game with my girlfriend for the first time tonight. I had to get my friend let her borrow his expensive headset, only to find out my 2 day code didn't work anymore, so I really need this to let her play with me, so it will not be for nothing. Thank you so much, my good man.

Good luck to all!
