Thread: [Why is everyone is complaining about boku no pico](#)

Micki - January 18, 2015, 5:39 am

I've seen 2/3 episodes of boku no pico. It isn't so bad like everyone said it is. I think Seikon no Qwaser is way worse. I almost vomited on the first episode.

Kouichi - January 18, 2015, 5:42 am

Boku no Pico is 10/10 the best anime to be released. ?

Can't really say anything bad about it. Mostly cause I havn't really watched it. :p
Alot of ppl on here is spamming it though, sayin' its the greatest anime ever made. ^_^

I always thought it were satirical when one says that Boku no Pico was the best anime ever...

~Jay~ - January 18, 2015, 6:39 am

I agree that there are a lot that are worse, but it's just gotten popular to rag on it.

<snip>

When I first saw that I fucking died LOL.

TBH. It's only bad since so many people are prejudice against gay people.. And it's a shota-con.

Well, that and the dog toy thing. I think it's more the shota aspect than homophobia.

I ask to myself the same question. There are plenty of animes more disturbing than BOP. I'll not cite it here but Boku no Pico don't deserve such hate D:

Esdese - January 20, 2015, 5:11 am

I'm more concerned that you said you almost puked from the first episode of Seikon no Qwaser. That wasn't even that bad at all.

Tedeschi - January 20, 2015, 6:34 am

I feel immune to be disturbed by anything after watching Boku No Pico.

Many people have that feeling. I didn't even bother to watch the whole thing after I got the general picture of what it was about.

Blooded - January 20, 2015, 6:46 am

I watched the first episode of Seikon No Qwaser with no trouble. I could barely get through the first 10 minutes of BnP

You're a guy you won't understand. Seeing a lot of balls don't disturb me, but a whole lot of boobs do. Well I'm a girl so it makes sense.

I'm pretty sure that nearly puking when you see breasts isn't a healthy response, male or female.

It still wrong for a grown man to drink breast milk

Lower - January 21, 2015, 8:12 am

I think more people are concerned with the fact that it's the relationship between a grown man and a little boy crossdressing.

Some people seem to not look into the type of shows they watch before they watch them. Then maybe they'd be less surprised.

For example, just take a look at the MAL page...

There's an image with a little boy and a grown man.

The rating is "Rx - Hentai" and the genre is "yaoi".

It's sort of obvious what type of show it's going to be just from looking at that page.
