Thread: [Separate Hash Decryption from Cryptography](#)

Xorex - January 18, 2015, 12:50 pm

So in [Cryptography, Encryption, and Decryption](#) the Cryptography section, it's really messy as there are Crypter threads and Hash Decryption.

Crypters and Hash Decryption aren't as similar as many people think and I propose making a Sub-Section for Hash Decryption under the Cryptography Section.

I can post many more, so that's my suggestion.

Thanks.

I agree... The amount of people I seen that think hashing is encrypting, usually in the coding section though.

Yeah I still have way to many threads to post, all the threads I posted were within a 5 day span.
