Thread: [Airport security - School - need help](#)

La Flame - January 20, 2015, 10:12 am

Hey guys.

This week I have project, and one of my topics is airport security.

Does some of you guys remember what you were allowed to bring onboard a plane before 9/11 and after 9/11.

Please write simple english, my english is very bad.

Exampel: Before 9/11: "You are allowed to bring 300 ml of creme" Now you are only allowed to bring "100 ml"

Hope you guys understand my very bad english.

And again, sorry for my bad english

Best regards

Abss

I hope that link works for you, even though it isn't nearly enough.
