Thread: [\[CHEAP\] \[\\$2\] Text On Body Service!](#)

Prepubescent - January 20, 2015, 2:42 pm

If this is the wrong section, tell me and I will move it.

Just thought I could try and earn a bit of money for this service.

Post here then PM me, I will put any text you like on a picture.

You tell me what the text you want to say, I recommend not a lot of text, Maybe just a name.

You also need to send me the image in the PM and where you want the text to be.

Not too dirty of images please.

Price is \$2 but If that seems too much for you, I guess we could negotiate.

It would be a good idea to show an example of results we can expect.

A good idea would also be to provide vouch copies. Anyways, your price seems cheap so GLWS and HMU if you need a vouch.

I'll put an example up later.

Vouch copies - I will give 2 Vouch copies to people I deem should get one. L33T, 3P1C and UB3R's Only! :)

This was my vouch copy although it was free, it looks like a paint job.

I rushed it without my Graphics Tablet, and without adding any finishing effects. Sorry, I will do a better one on the weekend.
