XTC. - January 21, 2015, 9:41 pm

Which pill would you guys choose? you can only choose ONE

Kenjataimu - January 21, 2015, 9:44 pm

It was between black or red for me.

Only choices that made sense to my own ideals and future.

Illuminati? - January 21, 2015, 9:44 pm

I'd choose the yellow pill.

Use it for my own good. ;)

b?xxy - January 21, 2015, 9:46 pm

I'd take all of them and probably commit suicide.

XTC. - January 21, 2015, 9:46 pm

i went with pink ;o xD

as that sounds the most sexiest. ahaha

Chrome Sparks - January 21, 2015, 9:46 pm

I'd probably choose the yellow pill. That, or the black one.

Charmz - January 21, 2015, 9:46 pm

As greedy and irresponsible as it is, I would definitely take the Black Pill. Seeing into the future for the winning lottery ticket numbers could make you hundreds of millions of dollars. You would also be able to alter your way of life if you knew that something bad would happen to you. The other Pills all have their uses, but the Black pill is what I would chose over all of the others. I would most likely regret it though.

Xycon - January 21, 2015, 9:47 pm

Inb4 all the druggies choose orange.

I gues I would go with the black.

Night - January 21, 2015, 9:47 pm

I'd choose yellow as that seems the best out of all of these.

XTC. - January 21, 2015, 9:47 pm

yeah the black one is pretty sexy, but the ability to shapeshift is amazing. You can shapeshift into the president or some shiz or bill gates. xD

Mahoneys - January 21, 2015, 9:47 pm

Yellow pill is OP, I would take that one. All the others seem pretty useless to me.

Spooky Skeleton - January 21, 2015, 9:47 pm

The yellow or black pill would probably be my pick.

?ord Frieza - January 21, 2015, 9:48 pm

Take the yellow pill when you're in a poker tournament...?

XTC. - January 21, 2015, 9:48 pm

yeah the yellow one is cool too xD

the pink one is legit af tho too~.

CatsCattail - January 21, 2015, 9:49 pm

Pink pill, I would be able to shape shift into people who have the other pills and use their ability.

CupHead - January 21, 2015, 9:50 pm

I'm with the yellow pill I can read people's minds get on my fuckin level.

XTC. - January 21, 2015, 9:51 pm

lmaoo.

idk the black pill's got me stuck too tho, i wanna see the future aswell. xD

Grim - January 21, 2015, 9:57 pm

black pill for sure without a doubt. see the future of bitcoin and all the stock market changes become a billionaire ?

Xycon - January 21, 2015, 10:01 pm

(Jan 21, 2015 10:48 PM)?ord Frieza Wrote: [\[CITE\]](#) Take the yellow pill when you're in a poker tournament...?

Black would result in the same thing, you would simply be able to see the cards turned up on the end and so you know the cards your oponent has.

black = yellow in a way

(Jan 21, 2015 10:50 PM)?actus Wrote: [\[CITE\]](#) I'm with the yellow pill I can read people's minds get on my fuckin level.

Yeah, but you want to read every single nasty thought a person has?

I'd rather see what they do and then knowing that will help you to just avoid it.

people are not thinking this trough deeply .. black covers a lot of other colors actually. (partly anyways)

420 Blaze It - January 21, 2015, 10:07 pm

I chose Yellow, free Master Degree in Applied Psychology.

Raw. - January 21, 2015, 10:13 pm

yellow would be the best.

whenever someone asks me what super power i want, i always say the ability to read minds.

t0ky0 - January 21, 2015, 10:14 pm

Probably the black pill. Although the orange one does sound quite nice.

Phixy The God - January 21, 2015, 10:16 pm

Grey pill for sure. Making anyone fall in love with me.

XTC. - January 21, 2015, 10:37 pm

(Jan 21, 2015 11:16 PM)Phixy The God Wrote: [\[CITE\]](#) Grey pill for sure. Making anyone fall in love with me.

CatsCattail - January 21, 2015, 10:39 pm

(Jan 21, 2015 11:37 PM)XTC. Wrote: [\[CITE\]](#) with the pink pill you can shapeshift into whatever the heck you want ;p lmao

And you can shapeshift into people who have the other pills and use their ability ;)

XTC. - January 21, 2015, 11:06 pm

mmm i dont think you get their abilities you just get their face ;o xD

Sk3l3ton - January 21, 2015, 11:09 pm

The green one, others are too much of a hassle:P

Curryboy - January 21, 2015, 11:16 pm

I would go with Yellow and hit them poker tables and get that cash money

Phixy The God - January 21, 2015, 11:30 pm

(Jan 21, 2015 11:37 PM)XTC. Wrote: [\[CITE\]](#) with the pink pill you can shapeshift into whatever the heck you want ;p lmao

That would be alright but I would still rather have the love touch.

Play Boy - January 21, 2015, 11:36 pm

I'd take the black pill. It would make it so much easier to know what to expect during my life. The only problem is that I won't be able to be surprised anymore.

Tony Stark - January 22, 2015, 12:31 am

Out of all the cool pills, I picked the blue one damn. I don't even like sports.

XTC. - January 22, 2015, 12:32 am

Lmaooooo. I still think the black and pink one is the most legit

Jim Crow - January 22, 2015, 3:19 am

I would use the black pill. So i could invest in stock market and makes tons of cash haha.

GamersUnited - January 22, 2015, 3:25 am

I chose the pink pill. Shape-shift into Donald trump and withdraw 10 million for myself. Do it whenever I need more money. Never work again. Yeah, green pill is the best.

Plus I could shape shift into Kanye West and fuck Kim Kardashian's brains out. And pretty much hook up with any girl I want. Every day. I could also rob a bank and no one would ever tie it to me. I'd shape shift into Obama and Rob the bank. Never get caught.

[S][e][x]TM - January 22, 2015, 3:31 am

Id take the black one. Being able to do anything to earn money and see what the outcome is. Means cashing out :))

Cheers, funny topic.

Adam Warlock - January 22, 2015, 4:02 am

Torn between the yellow and the black pill, both would make life 100x easier with the yellow pill if you knew what people were thinking.

Karnaugh - January 22, 2015, 4:04 am

Yellow would be pretty cool. Probably I'd go for it.

XTC. - January 22, 2015, 9:31 am

Exactlyyyyyy. You can use the pink pill for anything lmao

Manny - January 22, 2015, 11:52 am

Chose the green one as flying would be really helpful.

Darkwin - January 22, 2015, 12:08 pm

Its obvious - black pill, I wouldn't need to use them publicly since i will be using them personally to look into the future of certain companies :) and investing to secure my future.

Scymo - January 22, 2015, 12:10 pm

I would go with red or green, they seem to be the most helpful

XTC. - January 22, 2015, 2:07 pm

Idk i might change mine back to yellow or black alot of good arguements here xD

Shockley - January 22, 2015, 2:13 pm

yellow- I could see how attractive women feel about me. If they disrespect me in their mind they deserve to be shot.

red- could go to harvard and be get a 2200 on sat or any test

grey- aww, i could fuck hot women which is my only goal so definitely that

logmeoutkid - January 22, 2015, 3:16 pm

Orange pill 10/10 would choose. I'd rather not spend money on weed.

XTC. - January 22, 2015, 4:36 pm

lmaoooooooo.

you can shapeshift into obama and make weed legal with the pink pill. ;o

+Cloud - January 22, 2015, 4:40 pm

pink pill...

you can pretty much turn into a bird then fly around twice a day for 4 hours which is more than the green pill plus you are not limited to just that, you can shapeshift into anything...

XTC. - January 22, 2015, 4:41 pm

damnnn it seems like the yellow pill has nearly DOUBLE the votes as everything else ;o xD

XTC. - January 23, 2015, 4:45 pm

I wanna ssee who wins yo ;oooo

So far yellow is in the lead bby far

Deany - January 23, 2015, 4:47 pm

Lol the Grey pill. Why? I'd make my own little harem. ?

Nerc - January 23, 2015, 4:48 pm

The black one is just awesome. That's awesome actually.

Regards,
Nerc.

VRUMM - January 23, 2015, 4:49 pm

I'll take tylenol because I'm in pain.

frostVINCENT - January 23, 2015, 4:50 pm

Green pill is pretty sick. No side effects

Slepingstl - January 23, 2015, 5:06 pm

i did choose the yellow pill always wanted to read peoples thoughts.

FA-22 - January 23, 2015, 5:10 pm

I'd choose green and wear a mask with some body armor and go rob some banks then fly away so I can't be caught. Freak people out with my hover abilities, get money, get bitches, profit!

Baws. - January 23, 2015, 5:23 pm

I going for either Green or Yellow, Leaning towards yellow :)

XTC. - January 25, 2015, 12:50 pm

:O

lets get this to 100 votes dudes, i wanna see how ALOT of the community thinks of this(i also wanna beat the yellow pill ;o) xD

Lynchings - January 25, 2015, 1:11 pm

Definitely grey or orange. Kinda blows that the high is only 45 minutes, but making people fall in love wow that'd be perfect.

630 - January 25, 2015, 1:12 pm

Probably going to go with the green pill, flying would be sweet.

XTC. - January 25, 2015, 1:15 pm

wooo LETS BEAT THE YELLOW PILL

i still personally think the black and pink pill are legit af. ;p

im-awestruck - January 25, 2015, 1:32 pm

I'm stuck between the yellow and the black pill. They both seem very beneficial to me.

XTC. - January 25, 2015, 1:53 pm

yeah the black pill is just plain cool, that's why im stuck with that too.. i wanna see the future aswell;p xD

Nine - January 25, 2015, 2:02 pm

Yellow, Red or Green seems like the only ones I like. I'd probably just go with red.

Frig - January 25, 2015, 2:05 pm

If you're an ambitious person, I can't see a reason not to choose the yellow one.
I am, so I'd choose that one. Sadly I can't vote in the poll yet.

XTC. - January 25, 2015, 2:18 pm

:P idk though, it's possible to use the black one to see into the future win lottery's, see what your future holds etc.. :P

XTC. - January 26, 2015, 3:51 pm

BUMPP! LETS SEE WHO WINS! :D :D YELLOW IS WAYYY IN THE LEAD RIGHT NOW I WANT MY VOTE(PINK) TO COME BACK AND BEAT IT ;o

Wired? - January 26, 2015, 3:54 pm

I would use the red one, would be so helpful in places like school and you could basically be a mobile computer.

J!nx - January 26, 2015, 3:54 pm

Probably they yellow one, seems to be the most use useful/incognito one.

You can do a ton of things with it like manipulating people or win at gambles or know when somebody lies etc.

Edit:

Thought between yellow and black pill but the black one has some problems for me.

-Is is the type of future seeing that happens and I can't change it or the one in which I see the future but after I've seen it the future changes because I change my actions making the vision false. Both of these cases are terrifying.

case 1: I see the dead of someone and can't do anything about it.

case 2: I see the dead of someone and I do everything in my power to make sure it doesn't happen while I will never know what actually happens in the future.

-Less incognito because of the side effects.

-Knowing the future may make life more boring since you know what happens.

findingnature - January 26, 2015, 3:55 pm

Yellow for sure, it would be amazing to read thoughts.

XTC. - January 26, 2015, 4:13 pm

Don't get why anyone would pick the blue one you like die in 10 years :p

The Winter Soldier - January 26, 2015, 4:18 pm

Yellow, red or black. Wouldn't mind any of them

XTC. - January 27, 2015, 5:12 pm

i want pink to win guys as its the most legitest one (i believe) ;oo

Pornstache - October 7, 2015, 4:34 pm

I'd choose the grey one. Just to make all my groupies go away.

Shockley - October 7, 2015, 5:58 pm

LOL what the fuck? What sort of autistic monkey nig would pick the blue pill?

I would pick yellow pill and literally kill anyone that views me in a disrespectful manner. Grey pill would be nice too.

Ahri????? - October 7, 2015, 6:20 pm

I'll take the pink pill just to mess with people.

Eggsy - October 7, 2015, 6:22 pm

Yellow pill

I don't really give a shit what other people think, let alone want to know what other people think.

Green Pill

Honestly would be cool to be able to fly. Three times a day for a maximum of an hour though? May as well get a quadcopter.

Blue pill

Just no.

Orange pill

Don't get high anyway. Useless for me.

Red pill

This is a viable option for me. I think this would be really cool to access information via the mind. Would definitely overuse, can I get extra data? haha

Pink pill

This would also be a viable option. Would definitely pick this over the red pill. Who needs the ability to access information from the internet anytime, anywhere; When you can shapeshift!

Grey pill

Seriously? I can't even.

Black pill

I care about seeing in the future as I do with the ability to read minds. (see yellow pill)

Spoiler ([Click to View](#)) Pink pill wins

tebboat - November 11, 2015, 7:30 am

Red Pill. Or Gray, or orange. This is hard, okay, Red.

The Sly - November 28, 2015, 5:30 am

id use the grey pill , definitely :D

Bill_Cipher - November 28, 2015, 5:37 am

Red pill, I'd cheat my exams.

Wireless Network - November 28, 2015, 6:08 am

Sorry ,I'm not taking drugs.

Crory - November 28, 2015, 6:15 am

I would chose the Black pill or the yellow it would be an Hard choice.
Cause both are Awsome.

Regards,
~Crory ?

Green crack - November 28, 2015, 6:39 am

I'd take the orange pill no doubt and runner up would be the black.
