[BTC/LTC/PP AutoBuy - \\$2.50](#)

Add me on Skype: infinity.cold, PM me, or add me on Jabber at: kasper.dragon@exploit.im if you are looking to purchase manually.

This ebook will teach you how to spread like a pro, using several private methods, and almost every method you can find on HF.

Graphics are not present, so that more attention could be put into writing the tutorials.

Using the methods contained within my ebook, you can spread fully autopilot, however the more work you put in, the more slaves you will get.

This is for serious spreading only, if you want a lot of bots without a initial investment; except buying this e-book.

Only buy this if you are looking to make money, or RAT lots of people.

This was made not to look fancy at all, and I wrote it as fast as I could around a year ago. It's meant to show you how to spread, not lecture you, combined with fancy designs. This is what most HF spreading e-books are.

Please keep in mind the grammatical errors and strange spelling/typing are because I wrote it for myself very quickly when I use to spread myself. I found it worked amazingly.

Most e-books about spreading that are available on HF, are just the same regurgitated information; I have bought many spreading e-books.

This contains the compilation of all the spreading methods, plus some private ones.

ToS:

1. No posting problems here.
2. No refunds what-so-ever.
3. No leaking.
4. No sales trashing, or posting rude comments.
5. Don't use this for illegal purposes. This is theoretical information only.

**gun\_vip** - January 21, 2015, 10:02 pm

this is the best i can spread like a pro now vouch

**Zomblarz** - January 21, 2015, 10:08 pm

This is a very good ebook that will spread your rat like crazy

**infinitycold** - January 21, 2015, 10:09 pm

vouch

Nice!

BTW I just gave out some vouch copies in .doc format, so I hope none of the people who will review it complain of the format.

**MalformedPatient** - January 21, 2015, 10:14 pm

Jesus there's probably a good 10+ methods in here. The first one listed is some pretty genius shit now that I've gone back and re-read it. Vouch!

**zzGoWR** - January 21, 2015, 10:20 pm

Vouch for infinitycold, I have purchased this ebook and it has quite a few methods that I have never heard of or even thought of using before. I have only had this ebook for 3 hours however I have already started receiving connections using one method found in the guide in particular.

Thanks infinity for letting me purchase one of the first copies!

Overall:

Design / Layout: 4/10

Originality: 8/10

Effectiveness: 10/10 (so far at least)

I will edit this post and share some of my progress in a few days :)

**MalformedPatient** - January 22, 2015, 11:06 pm

Just another vouch for my guy here, amazing methods.

**infinitycold** - March 23, 2015, 8:10 pm

Anyone looking to spread their bot real quick and efficiently, contact me for this book!

**Jeremiah †** - March 23, 2015, 8:14 pm

Could I have a vouch copy? I'm prepared to write a long and detailed review. Looking forward to hearing from you, OP! ?

**infinitycold** - April 2, 2015, 10:24 am

Everyone, I'm online and taking orders at this moment.

(Apr 2, 2015 11:50 AM)Dystopia Wrote: [\[CITE\]](#) Post some proof of your slaves from this method? I don't use these methods anymore as I am dedicated to coding right now, and my old host took offline the IRC server which was hosted under Tor and only he had the private keys to.

**Mason™** - April 16, 2015, 4:49 pm

Can I take a vouch copy? I'm ready to make a long review, I'll be glad too!

Best E-book i have every brought, the users account was stolen but now he has it back and hes doing better then ever!

Grammer: 8/10

Quallity: 9/10

Ease of use: 9/10

I found this ebook very easy to follow and it got me a few hundred bots!

Thanks!

Thanks, my friend! Glad to hear the e-book helped you. :)

**infinitycold** - July 12, 2015, 9:54 am

We're back and looking to make some sales. Anyone with BTC/LTC, hmu!

**Biometric** - July 12, 2015, 10:02 am

Bought this, gonna update when I receive it with a serious review.

**infinitycold** - July 12, 2015, 1:14 pm

Sounds great. Let me know what you think.

**Biometric** - July 12, 2015, 1:21 pm

The fact that there's no graphics is great imo, because most cheesy eBooks are way overdone and use lots of pictures to take up space. The content in this eBook is unrivaled, and there's so many different methods. All of them are well-detailed and work great, unlike most spreading eBooks I've

seen. This is by far the best value for price, so don't hesitate to buy this! 10/10.

Glad you enjoyed it. NOTE: I never even messaged this user, it wasn't a vouch copy. Legit e-book here.

**?Fetz?** - July 12, 2015, 5:48 pm

How autopilot is this and how long is the setup time?
