Thread: [Ignore / Buddy List Pruning](#)

Omniscient - January 23, 2015, 2:14 pm

Please take a minute to review your own buddy/ignore list and remove closed accounts.

<https://hackforums.net/usercp.php?action=editlists>

I plan on eventually making hard-limits for how many members you can have in each list. But for now I'm just asking members take responsibility in keeping their lists clean.

Thank you.

Dr.Penguin - January 23, 2015, 2:15 pm

Sure thing Omni, I actually have quite a lot of banned people on my ignore list XD!

Ricky? - January 23, 2015, 2:18 pm

I just checked and I got 0 buddys and 0 on ignore I never knew people really used this a lot.

sqsgkrldwg - January 23, 2015, 2:21 pm

Hi,

I've removed CLOSED accounts from my ignore list (Not Dr.Penguin as he is not banned nor closed ...)

But I have also BANNED accounts in this list.

As it has been posted before, could it be possible to remove the posts of CLOSED accounts, so we don't have to put them in ignore list ?

Edit : Thanks for improving this.

bandors - January 23, 2015, 2:25 pm

Done. I removed about half a dozen closed accounts.

Innixion - January 23, 2015, 2:27 pm

Done, only had two accounts ignored and they were both closed :P

??? ??? - January 23, 2015, 2:28 pm

Just checked, thanks for reminding me I can ignore people on here that comes in handy.

ZuGgY - January 23, 2015, 2:31 pm

Thanks for reminding me, Omniscient.

Going to check now.

Trust - January 23, 2015, 2:35 pm

Had two closed members on there.

It was saddening to see them go, but you can't hold on to lost things.

(Pathetic, I know.)

Canon - January 23, 2015, 2:35 pm

Two closed members on ignore list. Removed :^)

Grim - January 23, 2015, 2:41 pm

I always try too keep mine up too date. But thanks for the reminder :)

Tonight - January 23, 2015, 3:36 pm

didnt realize how many closed accounts i had on ignore

Tutelary - January 23, 2015, 3:36 pm

I've removed a few accounts. Though is it possible to add a script to automatically remove closed accounts from ignore/buddy lists? I think that would be a better solution than a hard limit. Obviously, if someone's abusing the feature, for example 100+ buddies, they could be blocked or warned.

Ahri????? - January 23, 2015, 4:13 pm

Just checked, I have no one on either buddy or ignored.

xVulnerable - January 23, 2015, 6:18 pm

Done, though may I ask what difference does it make if we had closed accounts on our list? Just curious.

aguila - January 23, 2015, 6:50 pm

Just checked my buddy list,only had 10 closed accounts.

Luckily I cleared my Ignore list a long time ago,I used to have over 1.8k....

Apostle - January 23, 2015, 7:20 pm

Don't really use the buddy/ignore list but removed one old closed account

Infinity. - January 23, 2015, 7:29 pm

3 closed accounts from my buddy list and 1 from ignore list have been removed.

Roger Waters - January 23, 2015, 7:35 pm

I don't use the buddy or ignore lists so I don't have anyone on either.

Dan. - January 23, 2015, 7:39 pm

Damn I had a shit load of closed people on my ignore list haha. Maybe 20 or so.

Tony Stark - January 23, 2015, 7:46 pm

This thread should just be stickied and locked. Pointless replies. ???

That'd be a dumb thing to do. He obviously posted this expecting pointless conversation that will generate more traffic to the thread. ?

Paranoid? - January 23, 2015, 7:49 pm

I had three closed members in total. Just removed them.

The thread will be locked after a certain amount of time passes. It would just be overlooked with other threads being posted.

Supreme??????? - January 23, 2015, 7:50 pm

Removed about 6 closed accounts from my buddy and ignore list.

Br?ndon - January 23, 2015, 7:50 pm

I have never used the ignore option I don't think. I only use the buddy.

Goodies - January 23, 2015, 8:02 pm

"You currently have 15 user(s) on your buddy list"

Any idea on how many? I don't use it too often, but I use it enough for it to be deemed a good feature by me :)

Carl Elias - January 23, 2015, 8:14 pm

So does this mean that our list will be pruned eventually of old accounts? Or you just adding a limit eventually and for now asking users to be responsible for their own list?

I don't use the system much so it won't bother me, but I just wanted to ask.

Dragnite - January 23, 2015, 8:31 pm

I just removed a bunch of closed accounts from my ignore and buddy list, forgot about some old friends I had that are now closed, brings back some good memories.

BITW - January 24, 2015, 4:42 am

Just cleared closed accounts from my friend/ignore list. Hope this is okay.

Thanks OP Sir.

Aceman - January 24, 2015, 9:21 am

18 buddies and 74 users on my ignore list. Removed two closed accounts and now I'm down to 72 users ignored.

I hope you don't set too low of a limit on the ignores users. There are people who just shit post and don't know what they're talking about and I'd rather not have to deal with them on a lot of things they post on. It's my way of not wasting my time as well as avoiding being frustrated by stupidity.

Astute - January 24, 2015, 1:17 pm

Cleared all the closed accounts on both of my lists.

Rigel - January 24, 2015, 2:47 pm

Would the status of account effect those limits? (regualr members can have like 5 users on each list while upgraded members can have more?).

Vitani's Mate - January 25, 2015, 2:30 am

Man... I haven't used my buddy list in AGES!

I think I have over 300 people in buddy list. I think.

Vitani's Mate - January 25, 2015, 2:33 am

I have no idea but I am pretty sure you're on my buddy list. ?

Illuminati? - January 25, 2015, 2:33 am

I didn't know people used the buddy list.
I only have one person ignored and no buddies.

Trisomy 21 - January 25, 2015, 11:17 am

I've never used the buddy/ignore feature. If only more members were responsible with site resources like me.

Yeah also I remember when you where on my buddy list. Good times.
Nice addition omni, just a fast way to see if that seller is online.

SIM-1676753 - January 25, 2015, 11:28 am

Someone should make a userscript to do just this.

Sir - January 26, 2015, 3:11 am

Cleaned mine up a bit, I'll try to keep updating it and removing closed\banned users.

How is it being responsible not using site features that you paid for? That is a choice.

You don't pay for the buddy list feature. It is available for all members, including regular members.

Trisomy 21 has an upgraded account, yes? Therefore he is paying to use this forum. I'm not going to be "responsible" and not use site features that I pay for. Omni simply needs to add a hard limit for the buddy system or disable/add a smaller limit for regular users. Being responsible is using site features but not abusing them.

Please do not lash out, nobody expects you to act as the model user that I am. But maybe, if you wish to improve yourself, next time just ask 'What would Trisomy 21 do?'?

He is utilizing the resources that he has and saving what he's not using to the poor. You should try

to be like him, stop wasting resources you don't need when poor nonupgraded members have it rough. Do you know how lucky you have it? Unbelievable.
