Fruit Snacks - January 24, 2015, 4:04 am

I'll check the source out later bro. Looks simple and nice thanks ;)

Odus - January 24, 2015, 4:16 am

If I've ever seen sources ripped from every corner of the internet and thrown together, this is definitely it.

realrbn - January 24, 2015, 4:32 am

But it's 100% FUD! How could you say something like that?

Ewcia - January 24, 2015, 10:30 am

I check the source out . Looks simple and nice thanks

DigiDeveloper - January 28, 2015, 12:24 pm

thanks for the example , a list of object controls would have been helpful ... but i'll get er by going through it ' :P

SIM-2303144 - January 29, 2015, 5:44 pm

this for my friend Ahmed albliwe
in dev-point

Shadow Reign - January 29, 2015, 8:10 pm

is this for visual basic or VBscript?

Moon Rock - January 29, 2015, 8:13 pm

Anyone mind explaining to me what VBS is please?

Shadow Reign - January 29, 2015, 9:44 pm

(Jan 29, 2015 09:13 PM)Hitman Agency Wrote: [\[CITE\]](#) Anyone mind explaining to me what VBS is please?

Visual Basic Script

A scripting language based on Microsoft's visual basic language.

Can be used for server side scripting

0xDivision - January 30, 2015, 7:47 pm

Thanks for the share op will look into this

woahxx - January 30, 2015, 10:18 pm

I'll definently check this out in an half hour.

FuelDaFlame - June 30, 2017, 9:36 pm

I need this for studying, thanks!

diablosephiroth - January 7, 2018, 12:57 am

Anyone mind explaining to me what VBS is please?

Adderall - January 7, 2018, 6:34 am

VBS is Visual Basic Script.

This post is from 2015 and probably is not 'FUD' anymore; stop grave digging.
