Thread: [Profile Policies, Violations, and Rules](#)

I just have a question about the second number 10 here:

<https://hackforums.net/misc.php?action=help&hid=22>

The question is, does this contain the advertisement of NFA on a signature or not?

I am unsure because I have seen a few people with signatures advertising their NFA service.
Cheers

If you're not sure about something, you could always PM a staff member.

And to answer your question, yes this also falls under that category.

But why does people advertise with their signature then, if it is not "allowed" in this forum.

Than they are breaking the rules, you can report them.

I will feel bad if I do, I'll let the staff or moderators take care of it then. Thanks for answering. Cheers

NFA in your signature isn't allowed, since your signature is part of your profile.

I had this also, but someone PM'd me and told me to better remove it because you get banned for it.

I would like to see a reply of the staff about this rule.

Sorry for going a little bit offtopic but, what is NFA?

Non Free Accounts (Netflix, Hulu etc.)

Signatures are considered profiles, since when you go to a profile page, one's signature is there too. You can report them for profile violation or PM a staff member.

I will be kind and send them a PM and suggest them to remove/chnage their signature. Cheers

Advertising NFA services anywhere on your profile is not allowed.
