Thread: [\[Paid Request\] Hack university website \[/Paid Request\]](#)

blascPT - January 24, 2015, 7:53 am

First of all i would like to say this request is paid, and for anyone interested, just send me a PM with an offer or add me on skype: alfredo.carrapato

The situation:

I would like someone to modify the marks of 2 subjects at my univerity website (or all if possible, but essential are 2).

The website:

ist.utl.pt

The portal to gain acces to the database:

<http://fenix.tecnico.ulisboa.pt/>

I would like this to be done ASAP. Also, i would like this to be done by an expert, since there is ALOT of stuff at stake. More details on the project via PM or skype.

Best regards.
