Could you pm me your skype as well please

Ghostwork - January 26, 2015, 3:01 pm

Alright, I guess I might be stopping this service; not because my method got patched but because a part did, and now I can only do it twice a week which is pretty annoying (so \$120 a week)_

Ghostwork - February 10, 2015, 8:42 am

I'm starting this back up, however only doing it for one person per 3 days.

So come grab it first!

Blizzard - February 10, 2015, 10:09 am

Can you do it on p my skype? Or you'll give me the account that has the credit?

Moseby - February 12, 2015, 10:11 am

I am interested in your skype credit please answer pm thanks

Ghostwork - June 8, 2015, 5:30 pm

Alright we are back on but some changes.

- Don't give a fuck who you are. You are paying first. Some trusted members didn't pay that's why I stopped the service and some faults in the glitch.

- BTC only accepted

- Prices are now %50 the amount you want

- Minimum is \$12.5 purchase (\$25 Skype credit)

PM me without reading this and you will be ignored.

'OverSight - June 8, 2015, 6:40 pm

Sounds like an interesting service but what do you mean by "custom name" ?

I don't exactly understand what that is lol.

I don't exactly understand what that is lol. A skype account of your choice, else its a random account with cred inside, not cracked but just random name.
