Who are your favourite actors/actresses? I personally like Seth Rogan and James Franco. They have done numerous films together and are a funny duo. Pretty sure they are close friends outside acting too.

FRANKIE - January 27, 2015, 12:28 am

Leonardo DiCaprio.

One of my all time favorites.

Farfetch'd - January 27, 2015, 12:28 am

Probably Spiderman, he is my favourite actor. When you see him in films you just know that he isn't really acting and just being himself. Spiderman is great.

Probably Otis. 10/10 would watch him run any day

It's hard to say as there's so many.

I guess Keanu Reeves, Scarlett Johansson, Liam Neeson, Nicolas Cage, Heath Ledger, Sean Connery, Harrison Ford, the names could go on forever.

?Blastonic - February 1, 2015, 8:05 pm

Will Smith is the best actor of all time

Also Michael Cera is a god damn legend

As for actresses I really don't have a favorite, I guess if I had to pick one it'd be Miranda Cosgrove (Drake and Josh version not the iCarly version)
