Dushta - January 27, 2015, 9:49 am

I would love to have a vouch copy.

Cheers mate :)

Comedic - January 27, 2015, 12:11 pm

Why don't you use XMPP? It's very useful trust me. Looks like a great service overall, gl :)

Il Divino - January 28, 2015, 9:16 am

I'm still looking to give a vouch copy to a trusted user hopefully it will let everyone I can provide these services

What type of accounts can you recover? I would love the vouch copy ?

FRANKIE - January 28, 2015, 1:07 pm

Let's see if you can provide a solid "vouch copy" to another member.

PhantomCode - January 28, 2015, 1:18 pm

Would also be intrested in seeing vouch copy

Regulus - January 28, 2015, 1:19 pm

I would love to receive a vouch copy of this and see if you can do this. I'll leave a nice review after :)

It's up to him, if he can't giveaway a vouch copy he can forget about the sales. No one will buy from his service if there isn't a vouch :)

Excuse me? I just came on now, only members who asked for vouch copies were l33t members I was looking for a ub3r and yes il consider him

If you are only accepting ub3r members because you might get a +3 out of it, you should just stop. Who gives a fuck who the vouch goes to? Just give one! If your services are legit, then do something to show it. If not, close this thread or just tell everyone they aren't.

Lying to others and yourself is no way to go about things.

That doesn't even make sense if a trusted ub3r vouches then it looks more trusted than a 5 rep user non upgraded correct? You can easily get other users to vouch for you that's why I'm trying to get the right guy.

Please stop talking about this

Have taken orders for stresser and hacking should be done asap
