Hey guys.

I could use some help with a assignment its about Hunger Games.

This is the task :

THE HUNGER GAMES

Write an essay about the film The Hunger Games (part 1). Your essay should be an analysis and interpretation of the film seen as a science fiction story.

In your essay, you should include the following points (not necessarily in the order given):

- A characterization of Katniss Everdeen and her role for the people of Panem
- The significance of the Hunger Games and its value in terms of entertainment and as a reminder
- A description of the world the story takes place in and its science fiction elements

Length: 700-1000 words

Layout: 1.5 line spacing

If this essay were on a book, it'd still be bad, but okay. This essay, however, is about a movie. Just watch the bloody thing and write the essay.

1.Read the Book.

2.Watch the Movie.

I haven't read or watched the hunger games in a year or so but its really easy to rember.

This should help with characterizations and symbolism you could link to the second point.
