Thread: [Giving 5,000 hits to your website \(5 first people\)](#)

N1nj4Styl3 - January 27, 2015, 2:07 pm

Just give me your website/blog and you'll have 5,000 hits in 24 hours. (500 visitors / hour MAX) so let's say in around 24 hours, you will have them, yeah.

I just have a premium hitleap account and I would like to give-away some hits :)

Method: Direct/Anonymous

If you DO NOT want to publish your website here, just drop a post and then PM me with your website. PM's without a post, won't be eligible to participate.

Leave your websites ?
