E are working on prices but dont worry you can make it. Just PM me of you have any more questions.

CIN3 - February 1, 2015, 8:56 am

This works and works well. But with mining the way it is today, do you plan on implementing more cpu/gpu friendly algos?

x11-15, NeoScript, Lyra2RE

Not thread bashing since this is a great miner, just wondering about plans moving forward.

Hey, I want to mine bitcoins :-)

Thank for your fastly reply

henff - February 7, 2015, 10:49 am

Haha Bought it for lifetime <3 looks like a nice product to me :)

Odin - February 7, 2015, 11:09 am

This is going to sound like a dumb question, but what do we put in for the pool url? Do we put in (www poolexample com) or would it be the stratum server url? Im using ghash.io

Ricky? - February 7, 2015, 11:19 am

Thanka for the purchases guys. For the pool sote there should be a tut on the pool site you chose, on what link to put into the miner. Post or pm me. If you have any further questions.
