So i have a female who's willing to help me milk the fuck out of some pedophiles.

Any suggestions where i can find them if no one has any atm?

If you have a pedophile that me and this female can milk out, i'd break you off with a good amount of percentage.

I am LEGITIMATELY asking for a pedophile.

I have a female right next to me who looks way younger then she is willing to work with me on this.
