Thread: [3PIC getting orange username color?](#)

?rtist - January 29, 2015, 2:31 am

Well I thought since L33t has green and Ub3r has blue, shouldn't 3PIC have orange?
Just a thought. I want to buy epic but I don't like the generic white username.
This is just personal preference by the way. You don't have to agree with me, it's fine.

That would be cool if it was implemented.

Zoo - January 29, 2015, 2:36 am

I don't see why not. Maybe it can be implemented, sounds like a good idea.

Yea it would be cool maybe we get more user groups and have all the colors of the rainbow! woo hoo

I think 3 is enough. Trust me, managing multiple groups can be a pain in the ass ?
Don't you agree that Orange would be fitting to the 3PIC upgrade TryAgain?

It's been suggested before, however layout suggestion are not allowed.

Yeah, this would be cool to have implemented.

RelationShit - January 29, 2015, 9:06 am

If this gets accepted which I doubt
the question is

IS GREEN PRETTIER OR ORANGE?

Or blue if ub3r

(Omni don't ban me now with reason 'black is prettier')

Lexica - January 29, 2015, 9:08 am

I think this would be cool if implemented. I support it, but as the rules state "No Layout Suggestions"..

drc00k3.14 - January 29, 2015, 9:10 am

I think this would work quite well because l33t and ub3r have coloured names. Groups should also have coloured names.

?rtist - January 29, 2015, 9:17 am

Ah, I apologize, I didn't see that Layout rule.

I thought that the username would be something else and Layout would be how the site presents itself, make it wider or slimmer etc.

Will close the thread.

Cheers

Meh. Not convinced I should do this.
