Please when posting your threads, try adding pictures, and details about your program.

Korpse_ - January 31, 2015, 5:40 am

Please add picture, and details... :)

Ninja - January 31, 2015, 5:51 am

Add a virus scan, add pictures, at least tell us what it does.

Nikey646 - January 31, 2015, 6:00 am

Really guys, you don't need to tell him 3 times in a row, or are you blind and fail to see that it is already mentioned?

but you do need to have at least 50 posts. That's the only limitation i know.

titanbullet - January 31, 2015, 10:26 am

He can still type something like `http :// example .com/xxx` tho.
