This method will work if you put time into it. You can make a lot of slaves with the methods(There are 5 Methods)

I read through the eBook very quickly and did not see any grammar mistakes.

Honestly there are 5 methods intotal, First 4 are pretty straight forward methods, with a bit of a twist. But that 1 method caught my eye since I haven't really though of that method. Its quite smart actually, it does take a bit of time but its worth it in the end. I can see this method getting you around 200-300 slaves if you are consistent in doing it.

For \$1 Its a pretty good eBook, no visual images just a straight forward method.

P.S to buyers, If you are a poor fuck, and want to chargeback \$1 just click the Log out button please.

Good luck with sales OP.

I've read a copy of his e-book. And with confidence i can say if you follow his methods you WILL get slaves.

Good grammar.

Can't miss for such a low price!

Thanks for your review, alright for an \$1 ebook eh?

Open for questions!

EDIT: Added a thread design, might look better now!

?Pozdrav - February 1, 2015, 10:11 am

See you have added the thread design looks really good OP, once again GLWS and you should probably up the price a little it's definitely worth it :)
