Thread: [Free RDP IP list](#)

DIGIFLIP - January 31, 2015, 7:36 pm

Hello

I thought to share a list of RDP Ip's that can be used by you.

Note- No passwords. Just a list of active IP addresses that run RDP on them.

Cheers. Post here.

Cry about it, none of the IPs pinged, or had open/filtered ports between 0 and 65535.

As far as I'm concerned, you're just generating sets of IPs and tagging random username/password combos at the end. Occasionally adding geolocated countries of the IPs.

One of the IPs you sent me isn't even an active ASN, so you're full of shit.
ROOT ME BRO LOL
