By using a name such as 'Anonymous' your page is instantly shit.

I love the song.

It's great and catchy, lol.

Not the alert box. Alert boxes don't look good.

Other than that its plain and simple. Nothing catchy or unique.

The black one is really cool, it can do without the alert pop ups though. Seems pretty amateur to have those

Scrub/10

Shitty text and design, anything to do with anonymous, having a 'team' Facebook page Also saying that you do not mean to taunt the admon admin is bullshit as a txt file uploaded as poc is more than enough to alert an admin of a security breach.
