Intoducing BHSoft's Free Lag Switch for Android

New and Improved Features:

- NTP AMP
- Nonprofit
- Unlimited
- Quick Switch
- Fixed Crashes
- 99.9% work rate
- Available on Google Play

[\[img\]http://img.talkandroid.com/uploads/2014/11/get-it-on-google-play.png\[/img\]](#)

If you don't have an android phone download an emulator here!

<http://www.andyroid.net/>

Please leave feedback/constructive criticism so I can make this switch even better!

Vouch for this program, please add the amount of threads again,

And why did ya add a survey :(
now its annoying as hell.
