Go there, search for "link" and click on one of the links. You will get free access through battle.net then!

Enjoy.

This was the site I was redirected to:

<http://www.gamereactor.dk/betakey/?batch=1254&md5=62a246ae7baf3320d6e3c6365d02a8f8>

Try it again. The md5 hash isn't changing when I press the link.

No more keys, these are running out fast... Do you know any other give-aways? Most what I have found are competitions and draws.
