Thread: [Scammed by SoulZeh uid=516470 1400+ rep \\$50.00](#)

Aeroslim - February 4, 2015, 4:14 pm

MESSAGE TO SOULZEH: REFUND ME AND END IT AS YOU WANT TO FIX IT YOU CLAIM

User's Profile: <https://hackforums.net/member.php?action=profile&uid=516470>

So SoulZeh a user with 1400+ rep happens to scam me and here is the story. He had a thread a day ago about sending 0.45BTC per \$100 Steam Wallet Cards.

<http://prntscr.com/616iey>

Any ways, it ended up being that I could not get them so I sent him a Paypal gift and did \$50.00 first and was going to do more later. I almost sent more but my PP froze up cuz i logged in from my VPN accidentally. \$50 is a lot to me which sucks the most.

Our Convo 1: <http://prntscr.com/616ne2>

Him saying his address: <http://prntscr.com/616ogl>

My Wallet For Proof Nothing Came at all in past 2 days:

His Wallet Address Stats:

Proof of my payment: <http://prntscr.com/616mua>

Picture he provided me of payment: <http://prntscr.com/60pgwz>

I guess he has been scamming others too. If I am missing anything, please tell me, this is my first scam report and I am bad with like screen shots of stuff.

grady - February 4, 2015, 4:41 pm

He's done the exact same thing to me apparently, so there's no denying that this is happening.

Hopefully this gets sorted out for both of us.

Aeroslim - February 4, 2015, 4:59 pm

Yeah I hope man. Really upset about this.

Still need the steam code?

Yea, how many you gonna be buying?

I'm just doing one atm, I don't need any more BTC than that.

Okay, how much will you be doing that for?

On the thread you were saying .45 BTC/ea

So I was going for that.

Alright, just sent the code and btc address and I will send the BTC with screenshot proof it's been sent

Also look here" <https://hackforums.net/showthread.php?tid=4668931> btc transactions seem to be going a little slow at the moment, before getting a little paranoid.

Thanks for the quick deal then. Completely welcome buddy.

BTC still hasn't shown up within my wallet, and I've completed an entirely separate transaction with someone else.

Is it a Coinbase issue?

Apparently it's been a coinbase issue due to me hearing people have said it's taking it's time, but I will look more into when the guy holding my wallet is online.

There's my conversation with him.

Let's see what happens with this.

SoulZeh - February 4, 2015, 6:52 pm

I have not scammed anyone, Someone is holding the BTC wallet for me and I'm doing literally everything I can to sort everyone out, Feel free to keep these open until resolved.

Okay fair enough. You did say to me it was already sent, and you tried to convince me to send more money. Hopefully it does get resolved! Refund me now and end this!!

So I've told you, the transactions have said the BTC has been sent, do not worry... I am doing whatever I can to resolve this... As I've never had a report open on me before nor do I intend too, but I can assure you I will do everything I can to get everything sorted.

Aeroslim - February 4, 2015, 9:13 pm

My only concern is u took a pic of it being sent, which u means u did lie and u tried convincing me to send more. Refund my money and the others will save everyone's time.

1. Read the private message I sent you..
2. Stop making fucking random assumptions.
3. I am but you clearly are having a hard time reading the private message.

4. It will get sorted ASAP!

He takes peoples money and then wants them to just chill while he sorts it out.

What a crappy person to do business with

The GRim - February 4, 2015, 9:28 pm

Looks like a scam so far. Everyone avoid deals with Soulzeh till this is fixed.

Lets hope he will pay these guys back.

Aeroslim - February 4, 2015, 9:38 pm

Irritating to me as well. I just want my money back, not sure how I am the bad guy in his eyes.

Nigerian Prince - February 4, 2015, 9:52 pm

Really hope you get youre money back. Id hate to be in your situation.

Buffalo - February 4, 2015, 9:59 pm

I doubt Soulzeh would let this report stay open for too long, not worth it scamming for such a good account, 1.4k rep etc etc.

GL Getting it resolved mate.

Aeroslim - February 4, 2015, 10:06 pm

Thx for everyone's kind words, I hope the same.

An issue has came to my mind. You've told me and others you sent it. You say that promising up and done is was sent, and you already sent now saying it wasn't? So u admit u lied? U took screen shots that u most likely edited. Fix this dude, for reals, you got caught lying and I'm not going to pretend you didn't because you did.

1nh4le - February 5, 2015, 10:37 am

Just give him the time to figure it out. Like other users have stated I don't think he would risk his reputation for a few hundred. Shit happens, if he can't fix it in a reasonable time frame then you can take action.

Truth. Just hate being lied to and losing money of course.

DiamondExchange - February 5, 2015, 11:29 am

Getting in the red lions is not easy so i highly doubt he will waste all that for a few hundred, I'm pretty sure he will resolve this.

SoulZeh - February 5, 2015, 9:55 pm

There has not been a single time I've lied to you Aero, I'm doing everything I can.

If what you said about it all being your partner is true, then yeah.

CRT - July 29, 2015, 7:08 pm

Was this ever solved? Damn. I've only recently came back here and SoulZeh was a good guy from what I knew of him, i've been in various groups with him too. Seems like hes turned into another ub3r who "scams then leaves" as he has various reports on him now. :/
