Thread: [Giving three free PIDs to Ub3rs!](#)

MySocksAreWet - June 7, 2010, 8:11 pm

GOGOGOGOGOGOGOGOGO!

I have three PIDs and no use for them, trying to be nice for Omni's new holiday.

I'll pick when this reaches a certain number I have specified (keeping it secret so theres not spam).

Once picked, you will be PMed with a PID. ?

Why post if you do not know what it is? Also, sorry but you do not meet the requirements.

Media_fire is blocked, and it might be infected? lol

If it's infected.... then it must really suck for the 240 people that downloaded it. I apologize for uploading an "infected" file :P

That's interesting, then how come no AV detects anything? And how come the 240 people didn't complain to me?

Anyways, this discussion is going way too offtopic. I shared what I had :-)
