Vouch for Ego and his team,

Pretty cool guys and they actually know their shit,
Good luck with your service.

Melty - February 9, 2015, 3:15 pm

I have full faith that this service is absolutely one of the top services being offered at HF, head over and give it a run it wont disappoint.

Tokyo - February 9, 2015, 3:30 pm

Ordered from Ego a while back for detracing services. They know their shit.

Comedic - February 9, 2015, 4:08 pm

Dubitus™ - February 9, 2015, 4:10 pm

I've known Melty for a long time offsite, he's the top of the market, and Ego has been improving tremendously day-by-day. And -Elusive- I can clearly say he's also very impressive. Out of all the people I've worked with, I can clearly say that these people are very good at what they're doing. For the price you're paying, this is without a doubt one of the few services where you actually pay for quality work. The reason why I'm writting more than a few words is because I work with these people on a daily basis ([The Black Hand](#)), and their power combined is a force to be reckoned in the doxing niche.

If they can't do the job I highly doubt anyone else can. Huge vouch. ?

Yes, this is what we would refer to as "De-tracement". I can personally do this for you, at a fee of course. Message me if you are interested.

Regards.

Australian doxes are far more challenging, however this only limits our ability slightly. We try to provide 100% accuracy and happiness to our clients, hopefully this answers your question.

We don't need spokeo, and we don't like paypal. Simple.

Melty has had the PM hyperlink rerouted to his account, as I will be absent for the next 12 days.
Hopefully we can assist you!
