Thread: [What Happened to Phoenix?](#)

Declan? - February 9, 2015, 11:06 pm

I just noticed that Phoenix just got deleted, anyone know what happened? I just hit 100 posts on Support Boards the day it gets deleted ?

Stee - February 9, 2015, 11:07 pm

It is being sold. Read the thread Omni posted.

SB was only getting activity because of the HF group, now the HF group isn't available the forum is useless. ?

We still have about 300 or so posts made a day by HF members alone, plus with Tibit making some extra money he'll be able to afford some top notch advertisements off HF.
