Thread: [Project: Take down Pornhub \(for the lulz\)](#)

Alterations - February 10, 2015, 9:43 am

Hey so I was thinking lately and thought that it would be so funny to see how people would react when they figure out they can't access the hub. If anyone wants in on this. Post below.

Grin - February 10, 2015, 9:45 am

Good thing I don't watch porn because I'm an individual of higher moral values. :-)

ibrahimwwe9 - February 10, 2015, 9:46 am

You want someone to pay you for showing proof that you took down a website? I can't determine who is a bigger tool on this thread anymore.

Autocorrect - February 11, 2015, 3:40 am

Sure! Let's all plan a DDOS of PornHub (the most active porn site currently) on a publicly available forum!

No it was quite clearly a joke, if a few of us kept pinging them I think we could take pornhub down. PM me op if you want to do this, I have CMD with administrator rights, my parents just told me the admin password.

Blowing - February 11, 2015, 2:15 pm

You're an idiotic skid:

hackforums.net/showthread.php?tid=4508271 (copy/paste I can't post links yet)

You have no idea what you're doing.

ale12386 - February 11, 2015, 4:23 pm

I wish you good luck on your quest OP! ?

If you need help, I have CMD and LOIC prepared!

Moggadeet - February 11, 2015, 6:08 pm

It's funny how everyone says they are using cmd, when pornhub has ICMP requests denied... at least make some sense in your trolling.

Tahh - February 11, 2015, 6:11 pm

Just toke it down with my swatnet botnet. I am ddoxing it too.

Sought - February 12, 2015, 9:36 am

Every so often I read through threads like this and laugh to myself, i hope this was a joke =)

KittyMeow - February 12, 2015, 9:39 am

Accessory - February 12, 2015, 9:43 am

Either way if someone wanted to watch Porn that bad PornHub would only be one option out of 20 others. Masturbaters find a way... trust me

Not only publicly available, but law abiding as well. If you attack them pornhub could get your IP's from here quite easy. I guarantee they have a few lawyers on payroll, or at minimum retainer.

HOLY SHIT WE DID A PING OF DEATH.

Zealot - February 12, 2015, 6:01 pm

I'll just go to Youporn if you do, OP. You aren't going to ruin my day that easily.

haxedsh1t - February 16, 2015, 10:16 am

Just watch as many videos as you can in 5 minutes, that will get it down.

Meow - February 16, 2015, 10:17 am

Good luck with that,even if someone takes down PH people would just watch porn somewhere else.
