With an extremely accessible and easy to use interface, extreme stability, UNLIMITED STORAGE, and as mentioned before, DIRECT DOWNLOAD LINKS, you can't go wrong!
Oh, did I forget to mention that this is for LIFETIME SERVICE?!?

All I ask is a measly fee to use it. This is to keep the userbase limited so I can better manage it and provide quick and quality support!

Price - \$5 BTC (at current exchange rates), or \$6 PayPal.

Not too much to ask for quality file hosting!

I am more than willing to go first for trusted buyers/HQ members.

I PREFER DOING BUSINESS DIRECTLY WITH AN INDIVIDUAL.

PM ME IF YOU ARE INTERESTED IN BUYING WITH BTC.

In your PM, send me your desired username and email for the file service, and I will PM your password once I receive payment. You can change your password once you log in.

PAYPAL : [BUY NOW](#)

IF YOU USE PAYPAL, PM ME WITH YOUR INVOICE ID SO I CAN IDENTIFY THAT YOU PAID AND I CAN ACTIVATE YOUR ACCOUNT

In your PM, send me your desired username and email for the file service, and I will PM your password once I receive payment. You can change your password once you log in.
