Thread: [\[OMC\] \[3P1C\] Cameron's OMC Exclusive Shop. {470,000+ STOCK}](#)

Cameron - February 16, 2015, 6:56 pm

Cameron's Trusted OMC Exchange.

Hello and welcome to my Omnicoin (OMC) exchange thread. I have an extremely large volume of OMC which I'm selling. I also buy OMC if you're looking to sell.

I can sell you OMC directly to your wallet if you wish.

I can also upgrade you to 3P1C myself if you would like.

I can NOT sell you the OMC award directly, this is against HF rules. For the award I have to send the OMC to your wallet and you have to purchase the award.

If you have any questions at all, please don't hesitate to shoot me a PM.

Some vouches from previous exchanges I've done on HF.

Confirmation from OMC Dev Team that I am in possession of the coins:

(Feb 17, 2015 12:06 AM)Abraham Lincoln Wrote: [\[CITE\]](#) I've confirmed that Cameron that he indeed does currently have 775,000 OMC in his possession.

The coins are in no way related to the AllCrypt attack.

As Cameron has stated, the deal cannot be made until the Omnicoin network is running again. Check this thread for more information: <https://hackforums.net/showthread.php?tid=4683868> , or PM me. Do not make an exchange until you have confirmed that the network is safe.

Although I have verified the existence of the Omnicoin, I in no way vouch for the seller or this deal at all. I'm simply letting sellers know that the OMC isn't tainted and that it won't get rolled back.
