STEAM PREDATOR V2

[NORMAL](#)

[GOLD](#)

VISIT WEBPAGE: <http://steampredator.com>

Best way to get items.

If you get Banned, just apply the UNBAN tutorial and That's it.

Don't ADD me on Skype Only to ask if is WORKING! Or HOW IS WORKING!

IMPORTANT: THIS IS NOT STEAM STEALER This is RAT!

VOUCH FROM Steam Predator v1

(Jan 17, 2015 06:33 AM)???? Wrote: [\[CITE\]](#) A vouch copy was given to myself.

In a short review, the eBook is helpful if you're new to stealing steam items. It helps guide you through your first items stolen. It also has a bypass for the new "Anti-Steal" (Captcha) by Steam.

Overall a very nice review. VERY in depth. Amazing help for new comers :)))

Good luck with sales bro!

(Jan 17, 2015 06:44 AM)Taavett Wrote: [\[CITE\]](#) Worth the money. Nice guy and a good price .

Thank you

(Jan 17, 2015 08:31 AM)lovro2000 Wrote: [\[CITE\]](#) Vouch for this Ebook :)

I aslo bought it myself and i got tons of items :)

Reccomend buying it 15/10 :)

(Jan 21, 2015 12:13 PM)zlss Wrote: [\[CITE\]](#) +vouch good,very nice no scam fast and helped me on TEAMVIEWER.

English 7/10

Writing 8/10

stuff 10/10!

(Jan 24, 2015 03:07 AM)wesleY59 Wrote: [\[CITE\]](#) Hi, I bought this ebook and I highly recommend it, it's great. The seller via teamviewer my help and stuff of that I had a problem a lot thank you

(Feb 12, 2015 01:01 PM)? Fade Wrote: [\[CITE\]](#) Vouch, Just bought this, great tutorial, owner of Ebook extremely friends and supportive, the ebook its self is great.

EDIT: Struggled in actually setting up the RAT (I'm a huge fuckin noob), he literally called me and went on teamviewer and took the time to explain EVERY-SINGLE-LITTLE Step for me, the E-book and the owner are both great.

Demo™ - February 18, 2015, 11:01 am

Vouch! Very legit user :)

Received a vouch copy.

Will post a 100% Honest review tomorrow :)

KONDAX REVIEW COPY

Hola. I've been given the task of reviewing this ebook, in turn of receiving a copy of it. Anything I say is not biased towards the seller, any clients or I. All information posted below is my own opinion. I have not been blackmailed or charged for writing anything unfair.

KONDAX REVIEW COPY

Layout: 7/10

I received the original word document for this ebook, rather than the pdf format itself. As always, I opened this on a secure virtual machine - this is to check whether or not the file contained malware. The virtual machine didn't have Microsoft Office Word installed, although I viewed it within the default viewer. I was fairly happy with the design - it was easy to read and navigate between the different sections, it's aligned fairly well. I've got OCD - a few margin issues with images, but nothing too bad.

Grammar: 7/10

Slightly low rating for this. The grammar wasn't too bad, but there sure were some noticeable mistakes. It shouldn't effect how anybody would read it however, and is still extremely clear. Although there are issues that could be fixed, they're not too difficult to understand as said earlier.

Originality: 8/10

Well. When the seller first showed me what he was doing, it was very clear. I have previous knowledge on the method, and it's not the most private of methods. Using the method and how he had written about this is what made it fairly more 'original', however. It's extremely detailed and gives you more than one method in to how to operate what he discusses, also giving you free resources that he has put together.

Overall: 7.6/10

Not too shabby, I like it. Good job, OP.

Thank You for your Nice Vouch.

Vouch GIVEN! NO MORE VOUCH'S

Infinite power - February 18, 2015, 3:38 pm

Pmning you about the vouch copy. Adding on skype also

A vouch copy has been given to me and before this review starts I want to say I am in no way affliated with this user.

Layout 8.5/10

Unlike Kondax I recieved the copy in a pdf format. The layout was very well done and I couldn't find much that annoyed me in this ebook.

Grammar: 8/10

I have spotted some grammar mistakes but the mistakes were not hard to read through. A few spelling errors also but those are not something to worry about either.

Originality: 9/10

The method itself is a little bit known but the execution of it and the detailed description/tutorial are very unique. I think it is also worth mentioning that the ebook is about 20 pages on the method and another 9 on how to spread it.

Overall: 8.7/10

This ebook was incredibly long and detailed I would not think you could do this wrong. And if you do you have great support also. Do not hesitate to buy people

Blacklisted. - February 18, 2015, 5:50 pm

[IMG]<http://p1.pichost.me/i/72/1966236.gif>[/IMG]

I just got a vouch copy to a great new version of this ebook, I read through the first version thoroughly and personally am now using that method MYSELF. It has worked amazingly and I am constantly getting steam skins/accounts/etc...

I will be rating the ebook based on it's grammar, the layout, it's originality and how well the method(s) work.

Grammar: 6.5/10

I, personally, am a big grammar freak, call me a grammar Nazi if you will however the grammar in

this ebook isn't GREAT but it isn't to a point where you cannot understand the writing, there are a few mistakes here and there with a bit of punctual errors as well as the text. It is however easy to understand for someone who isn't even a fluent English speaker. Overall, Not great, not awful.

The Layout: 9/10

The layout is simple, easy to understand whether you are reading in PDF form or a word document form, it is easy to cycle through the whole ebook, images are very clear and well placed. It is easily understood and fantastically simple for all to manage your way through the whole ebook.

The Originality (Idea): 10/10

I have not seen anything else like this anywhere on the forum, the methods are original, he does however post guides and links to videos, but if he did not do such a thing the ebook would be 50 pages long. The writing is completely original, the idea is completely original, as far as I can see this whole ebook is 100% original.

How well the methods work: 8/10

No method is good enough for anyone to click, in my opinion it's not easy to get strangers to click a random file, whether that file may be an exe, a jpg, a scr, anything it will be difficult and the fact that some of these methods are incredibly smart and work wonders on fools around the internet is brilliant.

i CAN! - February 19, 2015, 10:58 am

BUMP BUMP :) Ready for sell and Chat Support.

Key Punch - February 19, 2015, 12:28 pm

Welcome to the forums, Nice to see new members! :)

Are you still offering vouch copies?

As you can see i give out couple of Vouch's. Sorry No more.

i Still wait for someguy Vouch.

Anyway, if you are interested into the method itself, please leave a comment, PM me or add me on skype.

I would love to Talk about it.

TheJosh. - February 19, 2015, 1:47 pm

This is a dope eBook! I might consider buying this later on!

In the picture it says support so I'm guessing support

EmperorR! - February 27, 2015, 10:30 am

Did anyone purchased and had a successful time bypassing steam trade gifting ban ?

i CAN! - February 27, 2015, 11:05 am

I send you a PM so we can talk more about your interest. The ebook its working Like a charm

itsMeCherry - February 28, 2015, 3:56 am

The trade bypass seems very promising. Interesting to see if its easy to do or like near impossible :D
