Here you go, let me know if you want anything changed.

It's almost perfect. It would be nice if you made a GIF out of it. Maybe the arrow appears and disappear, or highlight the @50%. So that it catches someone's eye and attention and looks good at the same time

Text: TechTac

Colors: Green / Black

Details: Something smooth and flowing would be ideal, but I'm honestly open to any designs. I like creativity.

Effects: Maybe a color wave moving through the text? Please improvise here since I suck with design

Avatar or signature: Signature

Also, if it's allowed could I also receive an avatar as well?

Text: N/A

Colors: green/black

Details: Something that is also smooth, and looks nice. If you could come up with something that suits my name, that'd be incredible.

Effects: Anything you believe would look OK.

Avatar or signature: Avatar

Thank you!

Text: R1ck

Colors: Dark colors

Details: It would be nice if you could somehow add hammers on both sides, and the letters could be think\bold

Effects: Something evil :)

Avatar or signature: Sig

Extra Information: Thank you

Text: GruZkoV

Colors: Black, Dark Grey, Gold

Details: It will be great if you can add a little black bunny sitting somewhere on the letters

Effects: Some-king of a combination between a lightning-bolt and and something that breaks?

Avatar or signature: Signiture

Extra Information: If you can also make a Avatar of the same black cat it will be nice

**Headless** - March 28, 2018, 10:46 am

Text: Headless

Colors: More of darker colors does not matter.

Details: You could add like a headless horseman or something of those sorts it does not matter.

Effects: Whatever you feel.

Avatar or signature: Signature

Extra Information: Just make it look good and I will be happy.
