Thread: [How to code a multi column drop down menu?](#)

nurries - February 24, 2015, 2:28 am

I've been trying to code a drop down menu with multiple columns and levels but it seems a bit out of my skill level.

This is what I'm aiming for:

[img]http://s18.postimg.org/ve4ak2j9l/Screenshot_2015_02_24_18_24_57.png[/img]

Thanks in advance for any help!

Sakuto - February 24, 2015, 3:16 am

So what are you really looking for ? Tutorial, something to make it for you ?
Just inspect the code and watch how it's done.

nurries - February 24, 2015, 3:19 am

A tutorial or at least some guidance in the right path would be helpful. I tried inspecting the css but I still didn't understand it well.

Sakuto - February 24, 2015, 3:20 am

What have you done yet ? Show us your progress and the problem you encounter.

nurries - February 24, 2015, 3:58 am

This is what I have done so far. I want to add another column to the right saying 'Samsung' with the following sub categories (ie. Note 3, Note 4, S5 etc.) But I want it under the same dropdown menu 'shop'.

[img]http://s17.postimg.org/bre5j1qpr/Screenshot_2015_02_24_19_52_43.png[/img]

This is my code:

```
Code <header id="header"><!--header-->
  <div class="header_top"><!--header_top-->
    <div class="container">
      <div class="row">
        <div class="col-sm-6">
          <div class="contactinfo">
            <ul class="nav nav-pills nav navbar-nav collapse navbar-collapse">
              <li><a href="#"><i class="fa fa-phone"></i> +0 12 34 56 789</a></li>
              <li><a href="#"><i class="fa fa-envelope"></i> example@domain.com</a></li>
<!--Dropdown menu starts here--><li class="dropdown"><a href="#">Shop<i class="fa
fa-angle-down"></i></a>
  <ul role="menu" class="sub-menu">
    <li><a href="#">Apple</a></li>
    <li><a href="#">iPhone 6</a></li>
    <li><a href="#">iPhone 6 Plus</a></li>
```

```
<li><a href="#">iPad Air</a></li>
<li><a href="#">iPad Mini</a></li>
</ul>
</ul>
</div>
</div> [/code]
```

Sakuto - February 24, 2015, 4:42 am

Code

```
<li>Samsung
```

```
<ul>
```

```
<li>GS3</li>
```

```
<li>GS4</li>
```

```
</ul>
```

```
</li>
```

```
<li>Apple
```

```
<ul>
```

```
<li>4S</li>
```

```
<li>5</li>
```

```
</ul>
```

```
</li>
```

```
</ul>
```

Make something like this and stylize it.

<li>5</li>
```

```
</ul>
```

```
</li>
```

```
</ul>
```

Make something like this and stylize it.

I'll have a look into that and give it a shot. Thanks for your help thus far.
