Thread: [CPAGrip, MGCash, CPALead And AdGate Templates \(No Hosting Required\) \(HQ Templates\)](#)

DeathGun - February 24, 2015, 2:45 am

How to install?

How to install in MGCash [\(Click to View\)](#)

How to install in AdGate [\(Click to View\)](#)

How to install in CPAGrip [\(Click to View\)](#)

Step 1: Choose and buy a template above, after buying I will give you the template's source code which contains: html.txt & css.txt.

Step 2: Go to Monetization > URL/File Locker

Step 3: Click "Create New URL/File locker"

Step 4: Click the Advance Tab

Step 5: Copy the css.txt and html.txt that I gave you and paste it in the respective boxes below

Step 6: After pasting the codes, click "Create" or "Save".
To test your new template click "Get Links".

How to install in CPALead [\(Click to View\)](#)

Step 1: Choose and buy a template above, after buying I will give you the template's source code which contains: html.txt & css.txt.

Step 2: Go to File or Link Locker > Create

Step 3: After creating a new locker, enter your desired locker details and check the "Regular Traffic" and "I agree to the terms"

Step 4: Go to "Custom/Purchased Templates"

Step 5: Check the "Use Custom Html" and paste the codes I gave you to the right boxes and hit "Save changes and Preview locker"
