Thread: [~| 6 Months ~|BitDefender Total Security 2015 ~| Official Website | Direct Link |~](#)

Beowolf - February 26, 2015, 3:33 pm

Hey Guys,

Today I have Two Gifts specially for HF users!
Now the first gift!!

Need the BEST antivirus available on the web?
Which isn't a FUD virus?
Not from a torrent site?
Not a crack/keygen but the original key?
What if you can download from the original website?
And they provide you the key for six months?

???BitDefender Internet Security 2015!???

click [>>>HERE<<<Official BitDefender Website](#)

and then input your email and fill the captcha they will email you the code

instantly.[img]http://theimagehost.net/upload/ea9164cd6c2c5974f648b2244c2eae0d.PNG[/img]

The Bitdefender Internet Security 2015 installation kit can be downloaded from one of the 2 locations:

- 32bit:

[>>Here<<](#)

- 64bit:

[>>>Here<<<](#)

And then insert the key you got on email.

Gmail users will find the link in "Promotions" tab.

???

??

Now the second gift,This one is even better!!

???Bitdefender Total Security 2015???

--->The Bitdefender Total Security 2015 installation kit can be downloaded from one of the 2 locations:

- 32bit:

[>>>Here<<<](#)

- 64bit

[>>>Here<<<](#)

The serial code for 213 days is:-30GA3B6

It will be instantly activated!!! ?

Do you think this could get any better without paying?and that too virus free!!!

Have fun!!!

?????

FamousHater - February 26, 2015, 3:34 pm

this should be posted in shopping deals

Beowolf - February 26, 2015, 3:46 pm

(Feb 26, 2015 04:34 PM)FamousHater Wrote: [\[CITE\]](#) this should be posted in shopping deals!i'm not making any 'Deal' this is like a giveaway and also kinda like a tutorial and also it will help many people if this thread is posted here! ?

kaotik2003 - February 27, 2015, 2:57 pm

Thanks, I need a USA IP. Used a vpn and got my code

Beowolf - February 28, 2015, 1:09 am

(Feb 27, 2015 03:57 PM)kaotik2003 Wrote: [\[CITE\]](#) Thanks, I need a USA IP. Used a vpn and got my codeWhy did you use a vpn to get your code? O.o

It's just antivirus dude not a spyware or malware or anything :p

csfttech - February 28, 2015, 1:23 am

Thank you for sharing this although my bitdefender still have 154 days

Beowolf - February 28, 2015, 2:15 am
