I have a way to get web pages to load on windows servers and they are seen as completely legit views, except nobody actually sees them.

I will do 3 vouch copies. Ub3rs or L33ts please PM sites to get views.

I will offer 1k views for \$1, message me offers.

I'll take a vouch copy if you're giving them out. Let me know.

Regards,
GTH.

EDIT: Saw the vouch copies. I'd like one.
