Zen???????????????? - March 8, 2015, 9:48 am

Got it quickly, thank you root43.

Although I'm sad to say it doesn't work. I tested it on one of my accounts that I knew worked but it came up as dead. You should get SI!nky to fix that man.

All in all it's a nice program and with a few touch ups I would be using it daily. Thank you for the Netflix Checker.
