Thread: [REAL ORGANIC INSTAGRAM FOLLOWERS | 100% real | Real interaction!](#)

Confessed - March 1, 2015, 8:00 am

Hello HF, today I am selling 100% real instagram followers.

as you know this is very hard to achieve, but I have put together my own method to gain organic traffic.

These followers are real people, who will like your pictures.

My pricing is as follows:

\$20 for 1k

\$180 for 10k

This method does take time, but it will be worth the wait. Takes around 4 days per 1k.

The method is as follows: shoutouts from my big accounts, automation process for liking/commenting/following, and much more.

Yes, I will need the login information to your instagram account.

Please no personal accounts :)

PM me if you have any questions!

Vouch for this method. I've seen this method in action and I can tell for a fact that this works great.

I guess no one wants 100% real traffic :/.

Are you giving out any vouch copies? Not going to draw much attention from people with no proof or vouches. Or lower the price for starters.

Why would you need the login credentials if it's shoutouts?
