You should use a lil darker bg-color so it does not melt into with hf's background. Just my lil feedback/tip.

OP hasn't been active since 06-19-2016 10:47 PM. Do you really think your suggestion will be of use to him?

Just a friendly advice; check out the thread date before replying.
Nothing personal, by the way! I hope you don't get offended.
